PROFESSIONAL SUMMARY

Information Technology undergraduate (B.Tech, 2027) with hands-on experience building full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Proficient in JavaScript, Python, C/C++, SQL, and REST API development. Currently expanding expertise in Data Science and Machine Learning (Scikit-learn, Pandas, NumPy). Strong problem-solving ability with a CGPA of 8.4 and a track record of delivering production-ready projects. Seeking a role that leverages full-stack development skills while enabling continued growth in data analytics and AI.

TECHNICAL SKILLS

Programming Languages: C, C++, Python, JavaScript, SQL

Frontend Development: HTML5, CSS3, React.js, Responsive Design

Backend Development: Node.js, Express.js, REST APIs

Databases: MongoDB, MySQL

Data Science & ML: Pandas, NumPy, Matplotlib, Scikit-learn (in progress), Jupyter Notebook

Tools & Platforms: Git, GitHub, Excel (Pivot Tables, VLOOKUP), VS Code

Soft Skills: Problem Solving, Debugging, System Thinking, Self-Learning, Attention to Detail

EDUCATION

Bachelor of Technology — Information Technology — Jaipur Engineering College and Research Center (JECRC), Jaipur, Rajasthan	2023 – 2027 CGPA: 8.4
Intermediate of Science (10+2) Maheshwari Public School, Jaipur, Rajasthan	2022 Score: 87%
Secondary Education (10th) Paras International English School, Jaipur, Rajasthan	2020 Score: 88%

PROJECTS

Restaurant Management Web Application

Tech Stack: MongoDB, Express.js, React.js, Node.js (MERN Stack)

- Developed a full-stack restaurant management platform with distinct Admin and Customer panels, supporting end-to-end order workflow.
- Built a responsive customer-facing interface enabling menu browsing, order placement, and real-time order status tracking.
- Engineered an admin dashboard for managing menu items, orders, user accounts, and restaurant operations.
- Implemented JWT-based authentication and role-based access control to secure both admin and customer routes.

Personal Portfolio Website

Tech Stack: React.js, Node.js, JavaScript

- Designed a modern, fully responsive personal portfolio to showcase projects, technical skills, and social links.
- Built backend services with Node.js, including a dynamic resume download feature enabling direct PDF export.
- Focused on clean UI/UX principles to ensure a professional and accessible user experience across all screen sizes.

CERTIFICATIONS

- Programming with Python
- MERN Stack Development

ACHIEVEMENTS & EXTRACURRICULARS

- Participated in multiple Hackathons and technical events across colleges, demonstrating competitive problem-solving.
- Served as Head Boy of school — developed leadership, communication, and organisational skills.
- Consistent Voluntary Service in Healthcare Support — community impact and empathy in action.

CONTINUOUS LEARNING & DEVELOPMENT

- Actively advancing skills in Machine Learning using Scikit-learn, including supervised learning algorithms and model evaluation.
- Deepening knowledge of Data Science workflows: data cleaning, exploratory data analysis (EDA), and visualisation with Matplotlib.
